## Heroic Rescue by Mother Saves Child from Death

### German Airmen Scared of RAF

An interesting letter was received lately by Mrs. C. A. Blower from her son Charles, who is serving with the Princess Pat's in England.

As Charley was writing, an air raid was on and he says:

"The German bombers are trying to break through to London but are having no success. This is the fourth time today but they have failed each time, with unbelievable losses. Only two of our planes are down so far, the pilots having bailed out safely, and we can see them coming down in their parachutes. Six German bailed out and were captured by T.D.V. . . . The funny part about these raids is that they always come over in daytime in waves of threes. In today's first raid one Dornier lost heart in the beginning and streaked for home. What was left from the second wave did the same and streaked through the third wave. Seeing the second wave high-tailing for home, the third decided to follow suit, and were pursued by our fighters who were knocking them off left and right. It looks very funny and we were greatly amused, for the poor devils are really scared to come over."

## Hunters Return

Mr. and Mrs. Howard Merrill, accompanied by Mr. and Mrs. L. Simmon of Seattle, have just returned from a motor trip to Northern B. C. which took them as far as Manson Creek. Howard reports the fishing and shooting excellent. He bagged one moose and lots of game birds. Part of the trip was by boat and Howard says that on one lake trip they sighted 22 big moose in less than one mile. Grouse, geese and ducks were also plentiful. The surprising thing about the whole trip, Howard reports, was the number of people he met up there whom he knew and all asked interestingly after White Rock's progress.

Alan Harbord-Harbord of New Westminster, was a visitor in White Rock on Monday. Alan was on 48 hours' leave to say goodbye to old friends before proceeding on active duty with his artillery unit.

Jack Brydson was a visitor from Esquimalt over the holidays. Jack thinks navy life is the only thing

Frank Sutherland, 18-month-old son of Mr. and Mrs. J. C. Sutherland, Thirt Road, had a narrow escape from drowning when he fell into an 18-foot well on the property of Mrs. Montgomery last Saturday afternoon.

There was a foot and a half of water in the well and the tiny tot, with remarkable presence of mind, scrambled onto a rocky ledge at water line and crouched there precariously while an older brother ran for help.

Mrs. Sutherland rushed to the scene of the accident followed by her neighbors, Mrs. H. Greenwood, Mrs. R. Montgomery and Mrs. Potter. Attempts to lower a ladder proving futile, the mother tied a well-rope around her waist and leaped into the well to her baby.

The other women hailed the pair to the surface, where young Frankie was found to be very wet, very muddy, slightly frightened, but otherwise unscathed.

### SPECIAL MEETING

Final arrangements for the Red Cross work display and tea were made at a meeting of committees at the work rooms on Tuesday. The V.O.N. will provide the refreshments and fortune-telling will be an attractive feature of the affair. The display will be held at the Pier Rooms, Saturday, October 26, from 3 to 5 p.m. Silver collection.

### V. O. N.

The White Rock Auxiliary, V.O.N., held their regular monthly meeting at the White Rock Lodge on Monday, Mrs. J. C. Houston presiding. Plans were made for a bazaar to be held early in December and a bridge and waist drive was planned to be held at the Lodge on October 30 at 8 p.m. The Well-Baby Clinic will be held at the Pier Rooms on Monday evening at 8 p.m.

Mrs. Maymen has moved to Vancouver, where she will take up permanent residence.

Eric Hickey with the 2nd Batt. Seaforths at Head's House, Victoria, spent the Thanksgiving weekend with his family here.

## TRAPS FOR AIRCRAFT

A mechanical excavator goes to work on a farm field somewhere in Britain. Many pits are being dug, pits that will trap any foreign aircraft which may attempt to find a landing ground.

## New King George VI Highway Opened By Hon. Ian Mackenzie Will be Part of Proposed Alaska Road

### Author Takes Up Residence Here

An interesting newcomer to White Rock is the well-known novelist and fictioneer, Raymond de Gauges, who is planning to spend the winter here preparing the groundwork of his next novel. Mr. de Gauges, who has appeared in Cosmopolitan, Argosy, Blue Book and others, is most enthusiastic about White Rock's scenery and climate, which compares favorably with any of the beautiful places he has seen during his travels around the world.

### Harvest Supper

An enjoyable time was had by those who attended the United Church Harvest Supper last Friday evening. Seasonal decorations were artistically employed and Rev. P. Hardy was chairman.

Mrs. W. R. Barge Sr. is visiting relatives at Armstrong, where she will stay for about a month.

### WEEK-END CROWD

Thanksgiving weekend attracted many out-of-town visitors and the ideal October weather contributed much to their, as well as local residents' enjoyment.

### NOTICE

Owing to the fact that several of the members of the Board of Trade were unable to be present at the meeting called for Tuesday last, the meeting was adjourned until Friday, October 25th, at 7.30, in the Masonic Hall. All members are urged to attend as there are a number of especially important matters to be gone into.

## Badminton Club

The White Rock Badminton Club held their annual election of officers at the Blue Moon on Monday evening. Keith Berry was elected president; Tish McNally, Vice-President; and Mrs. D. Tillbrook, Secretary-treasurer.

The club will meet on Mondays and Thursdays (except on Halloween) and any intermediates who would like to join the senior team are invited to play on Monday, October 21.

## Teen-age Girls Club

The Teen-age Girls' Club, a branch of the Community Club, met last Tuesday at the home of Mrs. N. Henry. Work for the coming bazaar was arranged, the girls proving very willing to work.

Proceeds from the bazaar will be used to buy smokes for White Rock boys overseas. The Girls' Club will meet every Tuesday night.

### 200 Cars Parade Around Peace Gardens

A dream of pioneer days was realized on Wednesday, when the new King George VI Highway was formally dedicated before a throng of Canadians and Americans, thus forging another link in the system of transcontinental highways and welding closer together the two great North American nations.

In his dedicatory speech, Capt. the Hon. Ian Mackenzie recalled the memorable words of the late revered Premier John Oliver, who said at the opening of the Peace Arch, "With the gates always open and the highway clear the two countries become a school in which the lesson of tolerance is learned, old prejudices are dissolved and the brotherhood of our peoples realized in the discovery of many common interests and hopes."

The speaker, as a citizen and not as a government representative, expressed the fervent hope that "Before long this highway will rejoin United States territory at Alaska," thus signifying the amity and mutual goodwill existing between our two nations.

In his Introductory Address, Capt. the Hon. C. S. Leary, Minister of Public Works, mentioned that this road was part of an international highway stretching from Vancouver, B.C. through the United States and Mexico to Panama and thence to South America and known as Pacific Highway 99. Commemorating the visit last year of Their Majesties this particular section will be known as the King George VI Highway.

Hon. T. D. Pattullo, Premier of British Columbia, extended greetings to the people of United States from the people of Canada and made reference to the pledge made by President Roosevelt two years ago to assist Canada against any invader. Canadians for their part, the Premier remarked, had a similar

feeling of responsibility towards the United States. "We would never stand idly by and see 'our big brother' licked by any aggressor," he said.

In the absence of Hon. Clarence Martin, Governor of the State of Washington, who was unable to be present, J. A. Davis, Director of Highways for the State, spoke feelingly of the mutual interests and ideals that cemented the friendship between the two countries "welded together, rather than divided, by the 49th Parallel."

The New Westminster Boys' Band under Lieut. Cornfield, bandmaster, and the Drum and Bagpipe Band of the Robert Hamilton Post of the American Legion, Bellingham, under direction of Drum-Major Running, rendered appropriate musical selections.

After the ribbon was cut, a parade, led by eight motorcycle policemen, of over two hundred cars drove over the new highway, foreshadowing the stream of peaceful-minded traffic which will flow between the two countries in the years to come.

## Orchard Oddities On Display

Displayed in the Semlahmo Sun's window is a horticultural oddity, disproving the theory that pears and apples cannot be successfully grafted upon different genera.

A King apple and a Chaireau pear have been successfully grafted on a King apple tree belonging to Fred Varty.

Another oddity, grown on the Varty place, is a fig tree which bore fruit the second year.

## Let's All Get Together

This year's Hallowe'en party will continue a real community effort which has proved its value both as an entertainment and as a means of lessening property damage usually associated with All Hallow's Eve. Last year, all things considered, damage was practically negligible.

Plans are well under way to provide entertainment for children, amusement usually associated with October the 31st.

Donations are coming in nicely, Chairman Harry Fowles reports, but a few more dollars are needed, as the committee is planning an innovation which will mark the break after which the younger children may go home, teen-age boys and girls remaining to dance.

Donations of apples will also be welcomed for the traditional "hand-outs" which mean so much to the children on this night. Persons desirous of making a contribution of this nature, but who would be unable to transport the fruit to the scene of the party, are asked to get in touch with committee members or the Semiahmoo Sun, and the transportation will be arranged.

It is the earnest hope of the committee that all White Rock children will join in this festivity of merriment, in masquerade costume if possible, but lack of costume is no bar. Everybody will be welcome at the party.

## The Home Town

Co-operation will do wonders in strengthening and fortifying the home town against the business aggression of our neighbors. Thriving business establishments are certain to result in a stronger, more aggressive town. When business is sent out of town, whether it be for groceries, insurance policies or for printing, it simply results in milking the home town for the benefit of our competitors. Local real estate men, service station operators, in fact all businessmen help to support the home town, and business, in their lines, should go to them. Otherwise we are weakening the very foundation on which we hope to build success for ourselves.

## P.T.A. Organization Meeting

A meeting to organize a Parent Teachers Association will be held at the White Rock public school on Wednesday, Oct. 23rd., at 3.15 p.m. All parents are urged to attend, as it is felt that this organization will promote a better understanding between parents and teachers.

## Scout Recruits Wanted

Boys between the ages of 12 and 18, who are interested in the Boy Scout movement, are requested to attend the scout meeting in the Masonic Hall, Friday night at 7.30.

## From The Editor's Mail Bag

The Semiahmoo Sun invites correspondence from readers on all matters of local interest but the editor does not necessarily endorse the views expressed.

Letters will be published over a nom de plume but the original copy must be signed with the name and address of the writer, for private reference, otherwise the material cannot be used.

The Editor:

Dear Sir:-

A copy of your edition of Oct. 4th. issue has come to my attention. Your editorial headed "An Unfortunate Occurrence" is of extreme interest. Not being the International Committee, but just radio man, I trust you will make it clear to the School Board of Surrey that to the writers knowledge, they were not intentionally neglected.

The writer is familiar with the fact that the school children of Surrey once made the Peace Arch ceremony possible. Those who worked on this project in its early days can never forget Surrey.

The unsettled conditions of the world in 1940 made the preparation of this year's program a difficult and delicate proposition. When plans were finally made, time was short, and it is altogether probable that many schools should have been urged to attend various meetings. As a matter of fact, all meetings of the International Committee, handling this celebration, are open to all who wish to put their shoulder to the wheel. It is to be hoped that you will make it clear that the International Committee is not a closed corporation. It ever a labour of

## You Can Help The Red Cross

## MECHANIZE YOUR MILKING

Electric milking machines have proved their worth as labor and time savers on thousands of farms. They produce clean milk with a low bacteria count. They relieve the labor problem and arm aches of hand milking and pay for themselves and return money profits in a short time.

In spite of the extra time taken to clean the machine, electric milking is twice as fast as hand work. One man harvests 120 pounds of milk per hour with an electric milker and only 75 pounds by hand. It saves four hours a month for each cow milked. Farms have to be a money-making business. Electric milking machines insure a bigger profit. Investigate its possibilities. B.C. Electric agricultural representatives will show you.

love has been performed, it is by the men and women, who for the past four years, have worked to make the celebration at the Peace Arch of interest and value.

Tell all your readers that the Peace Arch program belongs to everybody. It does not belong to those who seek individual honor or glory. It belongs to both nations for the benefit of posterity.

Yours truly,  
Rogan Jones

## Poet's Corner

Rosemary, 1929

My heart is an unseen garden

Where once you walked in beauty bright.

Your smile out-danced the daffodil's joy;

Your kiss was deep sunlight caught in a pool.

Your voice caressed me, like wind in the hedge;

And strength, as of oak-roots, lay in your arms.

Incense as of pine, and sweetness of rose,

These were your love to me.

But now you have gone to another's garden:

My white picket gate is closed and locked;

My flowers, in sunshine, yet flaunt their gay heads;

But nightly they weep for the memory of you.

G.C.

## Victoria Is Popular In The Winter For Warm Weather And Summer Sports

Canada has an evergreen playground where snow is an ephemeral novelty, flowers bloom every month of the year and even in mid-winter the day's recreation can include yachting, tennis, hiking, lawn bowling, fishing or a round of golf over the fast, green fairways of any of a half dozen outstanding courses.

Victoria, centre of this beautiful British Columbia evergreen playground, has become in recent years an outstanding Canadian "winter" resort; this year it seems to be on the verge of its busiest season with international exchange offering Americans an attractive financial inducement of

ten per cent on their dollar, while Canadian lovers of mild weather will find that Vancouver Island has the only resort of this kind on the continent which they can visit now that holiday trips to the United States have been banned.

The main competitive sports event of the season is the Empress Winter Golf Tournament which is held on well trimmed grassy fairways and greens at a time when other Canadian courses are several feet under the snowdrifts. This year's tournament, the 13th annual, will be held on the Oak Bay course, March 9 to 15. The outstanding social event of the season is Christmas at the

Empress Hotel where Canada's most-English city celebrates with the time-honored, boar's head, yule logs, wassail bowl and carols.

The contrast between Victoria and the rest of Canada in winter is particularly marked after a train trip through the Canadian Rockies, then at their loveliest in a mantle of ice and snow. Vancouver Island produces such rarities—rarities to the rest of Canada, that is—as strawberries in December, salmon fishing all winter long, new-born lambs in January and roses in February. The pictures above show the Empress Hotel, and typical "winter" scenes, hiking, golfing and yachting.

Opp. Pier White Rock

Madeleine Carroll greets large crowd here

An eager crowd of fans milled around the Station on Wednesday night to welcome Madeleine Carroll, on the occasion of her first arrival on Canadian soil.

Miss Carroll, who is considered the most beautiful blonde in Hollywood, was dressed in a smart suit. "I can't be a soldier but I can help with Canada's war effort this way," she said in speaking of the reason for her visit to Canada. "It is certainly good to be able to help the Empire in its hour of need."

6 year old Ronnie Barr, dressed in the scarlet coat of a North-West Mounted police, presented Miss Carroll with a sheaf of yellow chrysanthemums.

Clare Henry talented young artist, was presented to Miss Carroll. Clare had done a picture of the star in water colors. As the eager autograph hunters begged for her signature, Miss Carroll exclaimed, "I must autograph this picture, its beautiful." This done, she graciously obliged as many fans as time allowed.

Preston Foster also autographed a pencil sketch of himself, for Clare, and was very pleased with the likeness.

Lynn Overman, and Bill Klein, assistant director of "North-West Mounted Police" obliged with autographs.

We understand that the new Park Theatre will be playing this picture, "North West Mounted Police", in the near future.

Mr. and Mrs. Art Cunningham and Gail and Glenn spent the week-end with their parents, Mr. and Mrs. H. D. Cunningham of Chilliwack.

Mrs. J. D. MacMillan and Mrs. Frankum have returned home after an enjoyable five-day trip up the B. C. Coast as far as Rivers Inlet. The ladies found the crossing very rough at Queen Charlotte Sound, but not too rough to spoil their trip. Their only regret is that the trip was too short.

Walter Sheppard journeyed as far as Edmonton with his brother, Bob, who has returned to his ship "Res-tigouchee."

There is no other tobacco JUST LIKE  
**OLD CHUM**

Miss Pharis O'Connor, Vancouver, was the week-end guest of her cousins, Mr. and Mrs. J. C. Houston.

### NOTICE

THE FORESTRY DEPARTMENT will give a series of MOTION PICTURES in the SOUTH MERIDIAN COMMUNITY HALL on Friday Evening, Oct. 25th. Admission Free. Refreshments - 5 cents a cup or piece of pie.

Mr. and Mrs. Clark Atchison and family, of Cowichan Lake are spending a few days, visiting friends in White Rock.

The White Rock Community Club will meet in the Club Rooms on Monday Oct. 21st., at 8 p.m. All members are urged to attend.

Last Wednesday afternoon, a whistle drive was held at the home of Mrs. S. Haynes, Stayte Road. Sponsored by the Community Club and organized by Mrs. Haynes and Mrs. A. Robinson. The prize winners were Mrs. Guy Graham, first Mrs. A. M. Fry of Blaine, consolation. The proceeds were donated to the Red Cross.
